

AWEF Application Guidelines for Grant Proposals

The Aurora Women’s Empowerment Foundation (AWEF) mission is to elevate and empower Aurora-area women and future women by making grants to tax-exempt nonprofits engaged in meaningful, measurable work that helps women over the hurdles of inequity and exclusion, propelling them forward with life-changing programs and services.

AWEF seeks applications from tax-exempt 501 (c)(3) organizations in the greater Aurora area that have identified projects or programs that will facilitate quantitative progress in these areas:

Education – AWEF seeks proposals that educate women and girls about preparation for careers, leadership development, and emotional/social development.

Economic Empowerment – AWEF seeks proposals that focus on enabling women to financially support themselves and their children. Consideration will be given to financial literacy programs; programs that create better jobs and better access to jobs for women; programs that prepare women for better jobs; and programs that enable women with children to work more productively.

Racial Equity for Women of Color – Programs that have a direct impact on racial justice, women impacted by structural and institutional racism, or programs that create a solution to racial barriers experienced by women of color will also be considered.

Other – AWEF is open to other proposals not listed above that fit within its mission. Submitting a Letter of Intent (LOI) prior to completing a grant application is strongly encouraged.

Letter of Intent

AWEF recommends that before a nonprofit submits an online grant proposal, they provide a one- to two-page Letter of Intent (LOI) for our board to review. The LOI can be emailed to info@awe-foundation.org or directly to AWEF’s consultant, Cheryl O’Donoghue at Cheryl@EiLeadershipResources.com.

Elements to consider in your LOI:

- Your nonprofit’s name and logo at the top
- The grant amount you are seeking and the name of your project (program/service) for which you are seeking funds
- A sentence or two describing how your project fits AWEF’s mission and vision
- A brief history of your nonprofit and its programs, including your target population and geographical area
- Two or three sentences describing the problem you hope to solve with your project and how you will use the grant funding to solve this problem (describe what you will do—include major activities along with the names and titles of key project staff)
- If you are requesting funding from other sources, mention that
- If you are interested in seeking a multi-year grant to bring the project out into the community beyond the first year, mention that as well
- If desired, you can also email AWEF materials, videos and links which are helpful to present your information

Characteristics of AWEF Grants

Eligible Organizations – The AWEF will only make grants to qualified 501(c)(3) nonprofit public organizations, in good standing with the State of Illinois, providing services in the greater Aurora, Illinois community. The Foundation encourages collaborations between and among organizations working to achieve a common goal where it makes sense. In such collaborations, one organization must be identified as the grantee applicant.

Grant Focus – Grants specifically targeting one of the three identified interest areas, seeking support for program related expenses and program delivery, will receive the greatest consideration. AWEF appreciates the cost of operations and operational staff but will not fund expenses outside of program delivery.

Size of Grants – The amount of each grant shall be determined by AWEF's Board of Directors. Proposals that demonstrate the most effective use of grant funds in the context of current programming needs have the greatest chance to receive a grant from AWEF. Partial grants may be issued.

Duration of Grants – AWEF grants are for a period of up to one year, with the expectation that the full amount of the grant will be used within that time. AWEF is open to funding programs more than once.

Geographic Range of Grants – AWEF grants must benefit women and girls living in the greater Aurora, Illinois community.

Leadership and Fiscal Accountability – AWEF grantee organizations must have the leadership capacity, financial stability, and appropriate procedures in place for fiscal and organizational accountability.

- 501(c)(3)'s not providing direct service to the Aurora community
- Operations, operational staff, and operational deficits
